Notice of Extension of Comment Period

On August 5, 2022, the Surface Transportation Board's (Board) Office of Environmental Analysis (OEA) issued a Draft Environmental Impact Statement (EIS) for the proposed acquisition of Kansas City Southern et al. (KCS) by Canadian Pacific Railway Limited et al. (CP) in the above-captioned proceeding. OEA requested comments on the Draft EIS during a 45-day public comment period ending on September 26, 2022. OEA has received a request for an extension of the comment period and is issuing this Notice to advise the public and all interested parties that the comment period will be extended until October 14, 2022. **No further extensions of time will be granted.**

After the close of the comment period, OEA will prepare a Final EIS that responds to all comments received on the Draft EIS and sets forth OEA's final recommendations regarding the potential environmental impacts of the proposed acquisition of KCS by CP, including OEA's final recommended environmental mitigation measures. Comments on the Draft EIS may be submitted electronically on the Board-sponsored project website at www.CP-KCSMergerEIS.com or the Board's website at www.stb.gov by clicking on the "E-FILING" link. Please refer to **Docket No. FD 36500** in all correspondence, including e-filings, addressed to the Board. Any comments previously submitted need not be resubmitted. Comments on the Draft EIS are now due by **October 14, 2022**.

For additional information about the Board's environmental review process for the proposed acquisition, please visit the Board-sponsored project website at www.CP-KCSMergerEIS.com.

By the Board, Danielle Gosselin, Director, Office of Environmental Analysis.
